

TZ MEDICAL STERILE DEFIBRILLATION ELECTRODES

NEW!

*Adult Radiotranslucent
Sterile Defib Zoll Pads
Part# P-121-Z1*

TZ MEDICAL STERILE DEFIBRILLATION PADS

TZ Medical sterile defibrillation pads are constructed to adhere and conform to the patient's body, providing superior current distribution, which results in better clinical outcomes.

We now offer direct connect Sterile Zoll pads as well as adapters for Zoll, Medtronic, and Philips defibrillators to allow multiple brands of defibrillators to use the same electrodes.

PRODUCT FEATURES

- New! Direct-connect Adult Sterile Zoll pads available
- Adapters available for Zoll, Medtronic and Philips defibrillators
- Superior current distribution reduces burns and skin injuries
- Invisible under fluoroscopy
- Adhere and conform to patient's body for better clinical results

STERILE DEFIBRILLATION PADS ARE IDEAL FOR:
TAVR • AVR • Mini-Maze • ICD Implants
Laser Lead Extraction • Minimal Incision Valve Surgery
